Bamboo X-Stands

ISO 9000 production
1 year warranty

Bamboo is the fastest growing plant on earth and one of our most renewable and sustainable natural resources. It is actually a grass, not a tree – no forests are destroyed to produce bamboo products. The environmental impact is kept at a minimum. The material gives a very elegant impression and is extremely durable – comparable to hardwood. Choose bamboo at your next presentation and signal your commitment to sustainability!

- Attractive minimalist design
- Perfect graphic presentation
- Light weight / good stability
- Two sizes
- Eco cotton fabric bag

Two sizes available.

Item No. 10301

Width: 600 mm / 23.6"
Total height: 1800 mm / 70.9"
Weight: 1,2 kg / 2.6 lbs

Item No. 10302

Width: 800 mm / 31.5"
Total height: 2200 mm / 86.6"
Weight: 1,4 kg / 3.1 lbs

Environmentally friendly!

The "more-expo" concept

The "more expo" business concept is to offer economy display products with the best possible quality. Recognizing the growing demand for low price alternatives, we have now established our own organisation in mainland China where we are constantly scanning and evaluating the Asian market to find the most competitive and up-to-date display products manufactured today.

The products chosen will then be further improved and modified to be in line with the "more-expo" requirements for function, design and quality.

During the production process of these products our quality auditors constantly visit the factories to make sure that these products meet or exceed our quality expectations. We also assure that environmental issues are considered and that the products are produced under acceptable working conditions as well.

By purchasing these products in very large quantities, working directly with the factories (no middle-men) and a highly cost efficient distribution system, we can guarantee you the best possible price.
